

Activities are organised into five workpackages (WP0-WP4) :

- [WP0](#) : project coordination.
- [WP1](#) : create the knowledge data base on CA in Africa.
- [WP2](#) : review and testing of model based tools for assessment of CA.
- [WP3](#) : comparative modelling analysis and evaluation of cases studies in each region at different scale.
- [WP4](#) : strengthen capacity, disseminate and network on CA development and assessment in Africa.

WP0: Project coordination; WP1: Create the knowledge data base on CA in Africa; WP2: Review and testing of model based tools for assessment of CA; WP3: Comparative modelling analysis and evaluation of cases studies in each region; WP4: Strengthen capacity, disseminate and network on CA development and assessment in Africa
